# Description

D3D Home Security System system is an easy-to-install, affordable way to protect your home and family. The system features a loud alarm that will scare away any burglars and alert you and your neighbours of an attempted break-in. The alarm can be activated manually or automatically, depending on your needs.

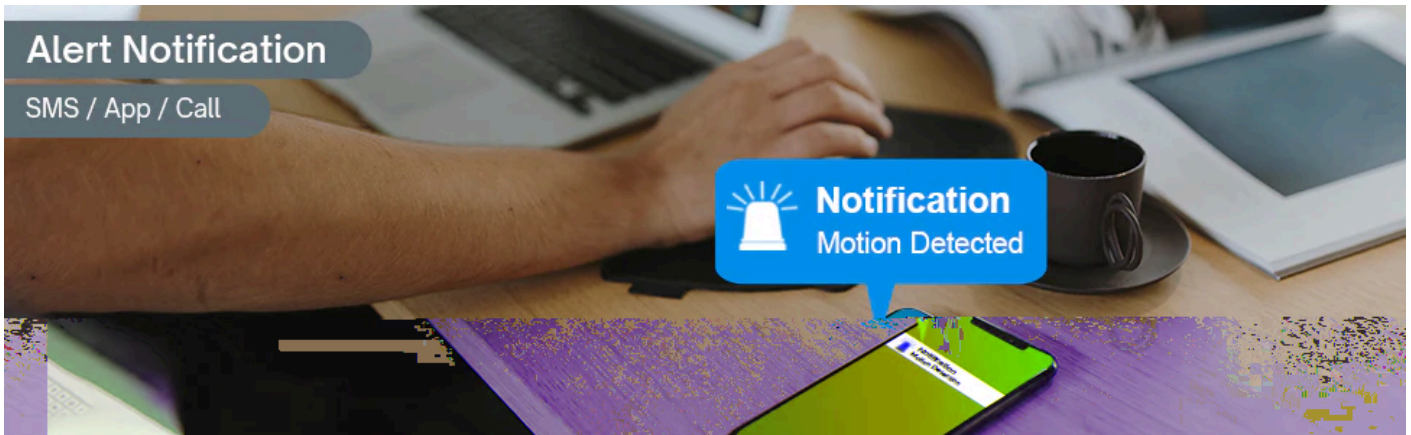

Security Alert	Theft Protection	Home Automation
 Siren	 Door Sensor	 Mobile Lock & Unlock
 Call & SMS	 PIR Sensor	 Light & Fan Control

D3D Home security alarm system is a system that uses different type of sensors to detect an unauthorized entry into a building. When an unauthorized entry is detected, the alarm system will sound a warning using inbuilt or external siren and at the same time will send notification alerts via SMS & Call to the user mobile numbers.

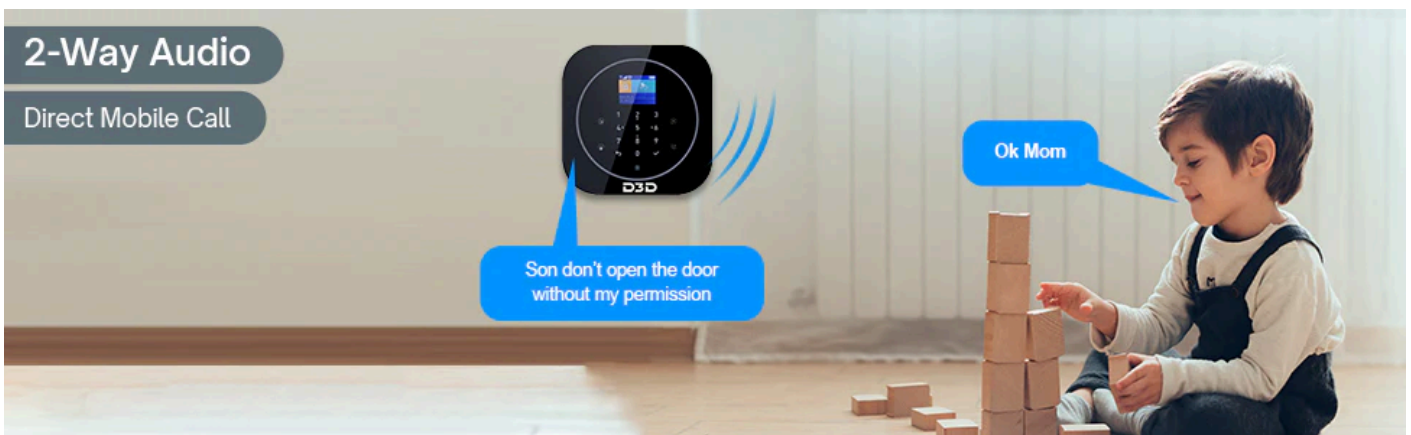

Door / Window Sensor: [Door sensors \(https://d3dsecurity.com/product/d3d-smart-life-wifi-gsm-door-sensor-for-home-shop-office-model-zx-g12-door-sensor/\)](https://d3dsecurity.com/product/d3d-smart-life-wifi-gsm-door-sensor-for-home-shop-office-model-zx-g12-door-sensor/), protected entry from door or windows. Whenever an intruders try to open the protected door, D3D sensors get activated and send alerts on user mobile phone.

Motion Sensor: A [motion detection sensor \(https://d3dsecurity.com/product/d3d-pir-motion-detection-sensor-433mhz-rf-frequency-model-pr\\_g12/\)](https://d3dsecurity.com/product/d3d-pir-motion-detection-sensor-433mhz-rf-frequency-model-pr_g12/) is a device that is used to detect movement. Motion sensor are mainly used in area where the intruders can enter without detected by Door or window sensors

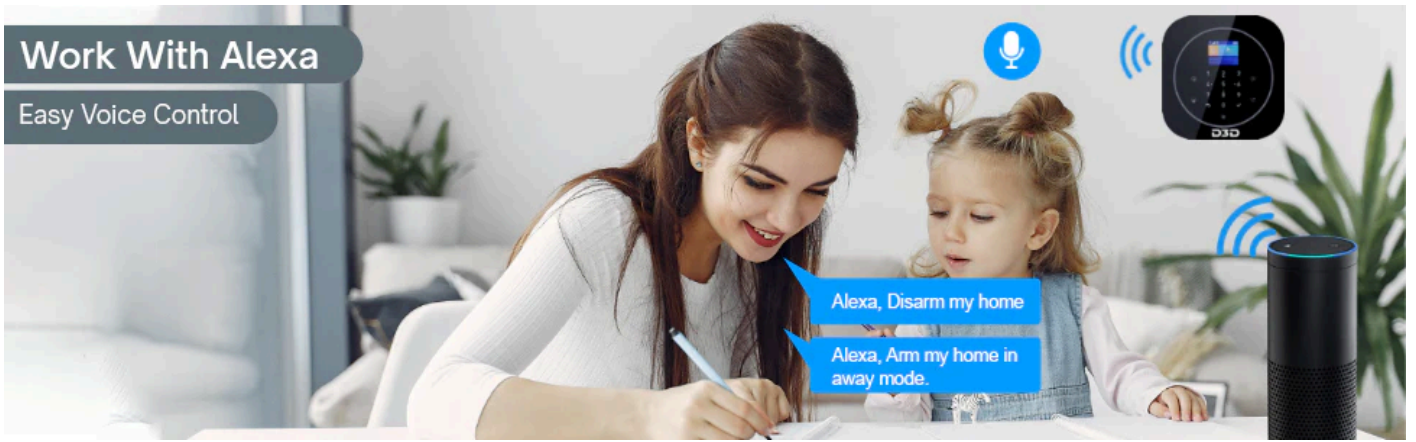

Working as a personal security guard, D3D Home Security system keep protecting your home family round the clock. With an option to add more than 1000 types of different sensors, you can be rest assured that no one can enter your home without your permission. Powered with WiFi & GSM SIM, D3D system send real time alerts on user mobile phone.

With Inbuilt Mic & Speaker, you can talk with your family members direct from D3D control unit. Now whether you want to give warning to any intruder or alert you family members, you can directly speak in your mobile phone and other will listen from D3D control unit.

## Work With Alexa

Easy Voice Control

Control your home security with voice command. Simply ask Alexa to lock or unlock your D3D security system. You can easily disarm your D3D Security System when you get home, without having to fumble with a key or remote.
