Type/Severity

Security Advisory: Important

Topic

The latest release of Red Hat Update Infrastructure. For more details, see the product documentation.

Description

Red Hat Update Infrastructure (RHUI) container images are based on the latest RHUI RPM packages and the ubi9 or ubi9-init base images.

This release updates to the latest version.

Solution

The container images provided by this release, apart from the installer, should be deployed using rhui-installer utility.

See the official documentation for more details.
