AnyDesk fits your needs

Collaboration

Bring teams into one shared view. Chat before and during sessions, highlight details on the screen, or record for later reference. Stay aligned and keep work moving in one place.

Assistance

Resolve issues with no interruption. Connect, diagnose, and guide users with responsive controls. Keep operations moving.

Access

Keep your workspace within reach. Open files, launch apps, and continue tasks across platforms with smooth, lightweight access.

Security

Encrypt connections, control permissions, add SSO and 2FA, or choose between Cloud and On-Premises deployments. Protect access and stay in control.

Version 9 for  is out now

See what's **new**

Achieve faster remote support with the new features dedicated to help desk and customer care teams: session requests, session invitation links and session queues. Elevate your support efficiency using **AnyDesk** and **my.anydesk II**
