iPhone, iPad

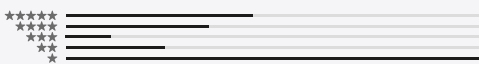

Mocha Telnet provides access to a Linux/UNIX Telnet Server. Using your iPhone or iPad, you can connect to a Telnet Server and run applications in a VT220 Terminal window. Exactly as you would, if you were sitting at your system console, just on a smaller screen.

Export only exported last... 12/07/2022 EdgardoArroyo

Export broken, purchased app and tried to export and it would not export all sessions.

Worse with every update 09/21/2019 barakari

I first started using this app years ago on an iPhone 4. It worked great, scanned quickly, didn't have a 5 minute limitation on the free version, and did everything I needed it to do. After upgrading phone more

I disabled auto update... ★☆☆☆☆

When I originally downloaded the there were very few limitations, concerning which keys you could Then the developer updated the changed the limitation: the full k
