**Bartosz Osuch**

RoR Dev & CTF Player

Hi, I am **BarrYPL**. I currently work as a RoR Developer based in Kraków, and I'm highly passionate about **cybersecurity**. I compete in CTFs as a member of the Polish team **Mindcrafters**.

My favorite categories are **Websec**, **Crypto**, and **PWN**. Since I previously worked as an electrical engineer in R&D, I also take part in hardware CTFs. I like sharing what I learn, so check out my **blog** for tutorials, insights, and write-ups on the latest in cybersecurity, as well as my **GitHub**.

Hope you'll enjoy it!

Website tech stack

Backend

- Ruby (Sinatra)
- SQLite

Frontend

- HTML
- CSS
- JavaScript

CTF Platform

- Docker
- Ruby on Rails

Hosting & Security

- Cloudflare (DNS and DDoS protection)
- Server: mikr.us
