BuddyBoss Platform - Version 3.7.0

Release date: Oct 29, 2026

Changes:

- Enhancement: Core - Moved Videos, Documents, Animated GIFs and Group Subscription to the Addons plugin, with existing customers keeping access
- Bug: Activity - Fixed an issue where the app's "Only Me" activity filter showed posts from other members
- Bug: Activity - Fixed several issues with activity topics, including required-topic checks, topic links and cleanup when topics are deleted
- Bug: Core - Fixed an issue where emoji images did not display correctly
- Bug: Groups - Fixed an issue where group names containing double quotes were cut off and lost when saved
- Bug: Groups - Fixed an issue where group organizers who are not site administrators could not add topics to their own group
- Bug: Groups - Fixed an issue where the group name was missing from the

delete confirmation and cut off in the

Resources

- Bug: Groups - Fixed an issue where WP Fusion settings boxes were missing from group edit screens
- Bug: Members - Fixed an issue where admins could not manually activate pending users when Google reCAPTCHA was enabled
- Bug: Notifications - Fixed an issue where mention notifications for comments on event activities did not link to the right page
