

Severity: Medium

AFFECTED VERSIONS

- Affected versions: curl [7.34.0](#) to and including [7.54.1](#)
- Not affected versions: curl < [7.34.0](#) and >= [7.55.0](#)
- Introduced-in: <https://github.com/curl/curl/commit/5ca96cb84410270>

curl is used by many applications, but not always advertised as such.

SOLUTION

- Fixed-in: <https://github.com/curl/curl/commit/453e7a7a03a2cec74>

RECOMMENDATIONS

We suggest you take one of the following actions immediately, in order of preference:

A - Upgrade curl to version [7.55.0](#)

B - Apply the patch to your version and rebuild

TIMELINE

It was reported to the curl project on June 14, 2017. We contacted distros@openwall on August 1.

curl [7.55.0](#) was released on August 9 2017, coordinated with the publication of this advisory.
