Install the DeskTime app to start tracking

Don't miss out on key features and optimize your team's workflow.

Automatic time tracking

Forget manual entries—DeskTime captures working hours and breaks with precision every time.

Real-time insights

Dashboards help you stay up to date with your team, and the app keeps the data fresh and accurate.

App and website usage

Capture all details of work across apps, websites, URLs, and documents, and get additional context from productivity levels.

Accurate reporting

All captured data flows into Dashboards, Reports, and Exports, making reporting effortless and reliable.

A time tracker that **won't interrupt your team's workflow. Ever.**

Forget manual entries and distractions. With DeskTime, time tracking runs on autopilot—zero effort needed.
