Customer support

COUPONS

One plugin. Every role covered.

Dokan gives every stakeholder exactly what they need, without overlap, without complexity.

Get Started Free

Total marketplace control

Manage every vendor, order, commission, and report from one clean dashboard without touching a single vendor's store.

For Admins

Their own storefront

Each seller gets a branded store page and self-service dashboard. They list, sell, and manage independently.

For Vendors

COUPONS

Seamless shopping

Customers browse products across all vendors, checkout in one flow, and track orders just like any great marketplace.

For Customers

The Dokan Ecosystem

More than one plugin

Dokan is home to focused tools for WooCommerce store owners and marketplace builders

Dokan Multivendor

The complete marketplace solution for WordPress. Vendor storefronts, commission splits, 42+ modules, and WooCommerce at its core.
