

# FUEL CMS

The content management system for premium-grade websites

## CMS or Framework? Yes.

### **Built on CodeIgniter**

FUEL CMS is built upon the popular PHP web framework [CodeIgniter](#) and plays nicely with your existing installations.

### **For Both Kinds of People**

Content editors love FUEL CMS for its good looks and charm. Developers love it for being open and thoughtful.

### **Open Source**

Fork, merge, push and pull until your heart's content. FUEL CMS is hosted on [GitHub](#) and is totally free to download and use.

### **MORE FEATURES ➔**

# You're in Great Company

Every day, more and more companies are discovering the power of FUEL CMS.

## **Alta Bicycle Share**

Bike sharing is an innovative approach to urban mobility, combining the convenience and

flexibility of a private vehicle with the accessibility and reliability of public mass transit, making bike share perfectly suited for urban communities.
