Mitigation for CVE-2025-8194

[cve-2025-8194.py](#)

```
1 import tarfile
2
3 def _block_patched(self, count):
4     if count < 0:
5         raise tarfile.InvalidHeaderError("invalid offset")
6         return _block_patched._orig_block(self, count)
7
8 _block_patched._orig_block = tarfile.TarInfo._block
9 tarfile.TarInfo._block = _block_patched
```
