Eavesdrop filter bypass allows message interception

High swick published GHSA-vjp5-hjfm-7677 2 weeks ago**Package**

No package listed

Affected versions

<0.1.7

Patched versions

0.1.7

Description**Impact**

Clients can intercept D-Bus messages they should not have access to.

Description

A policy parser vulnerability allows bypassing eavesdrop restrictions. The proxy checks for `eavesdrop=true` in policy rules but fails to handle `eavesdrop = 'true'` (with a space before the equals sign) and similar cases.

Patches

The issue has been patched in version 0.1.7.

Mitigations

No know mitigation other than updating.
