

# music collection

The Music Management System for Joomla!

Share albums, songs, artists and playlists with your users and let them share with everyone else. Play music on your site, make charts, create beautiful artist profiles and turn your site into a Jukebox!

## Professional Joomla! Extensions and Services

We develop Joomla extensions, Joomla components, Joomla modules and Joomla plugins for any purpose

JoomlaThat is a team of experts focussing on **development** and consulting for **Joomla**. We are **Joomla extension** developers and we can create any kind of extension (component, module, plugin...) for your website or **customize** current extension to your needs. We have been Joomla consultants since 2008 and our extensions are widely recognized and used in thousands of Joomla! sites across the world.

We focus on Joomla

We have been developing solutions with Joomla since its beginning. We know all about it!

We are up-to-date

We know the latest techniques. We're experts in PHP7, MySQL, JS, HTML5, CSS3, Vue.js... you name it!

## Well built extensions

We know the framework, so we can use all its features and tricks
