Welcome to MJM Software

I am very pleased to announce that V4-0-4 of the MJM Player is now available to download. To download please click on the MJM Player button to the right and select the player. The player now comes in different track allocations being 50k,100k,150k, 200k . The new version is now compatible with windows 10 & 11 and boasts many new features. For upgrade pricing from version 3 to version 4 or just to inquire about any of my products please contact my office during office hours.
