AND WHAT PEOPLE SAY

“Solidres is a great component, easy to configure. It is responsive and easily adapts to any design. The support is really efficient and friendly and quickly solves every need. I am Italian and I can say that the translation is very good. I highly recommend it.”

_ etajoom _

“This is the best extension for any room based multi properties booking businesses. The support of Solidres team is excellent. My clients are great happy with the website, I have designed using this amazing component.”

_ sanjud8209 _

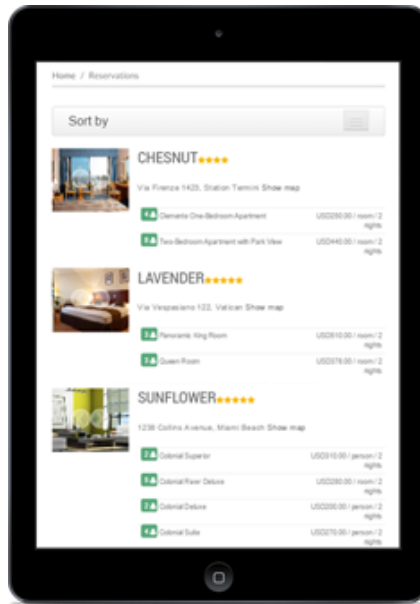

“Very nice and intuitive user interface. The back end is organized cleanly into separated sections which make daily management tasks become easier. Each form label has tool tip when hovering make it easier to use without having to consult any documentation. Nice job!”

_ jennifer7 _

“This is the best extension for any room based booking businesses. Instead of trying to be "jack of all trades" booking extension, Solidres focuses on room based booking and it is doing well. It has an active development schedule, bug fixes are released quickly and support in the forum is quite good.”
