Bill Erickson
WordPress Consultant

“ I used to custom build rotators for every project since I hadn't found a tool with the flexibility I needed. Now I have Soliloquy. It works great out of the box, has an easy-to-use interface, and gives you the power to customize everything with hooks and filters.

Build Beautiful Sliders in minutes, not hours

Are you tired of bloated, confusing, and buggy slider plugins? Yup, we were too.

That's why we built Soliloquy to adapt to your workflow and allow you to create responsive WordPress sliders in minutes.

Unrivaled Performance and Security

Soliloquy has no equal when it comes to performance and security. We created the **fastest WordPress slider plugin** by using a hybrid technique called dynamic asynchronous ajax preloading.

Our code has been audited by Mark Jaquith, lead developer of WordPress, to give you total peace of mind. WPBeginner compared the top 5 slider plugins, and Soliloquy was 2x faster than all competitors.

Mobile Ready, SEO Friendly, and Optimized for UX

Soliloquy is completely responsive and mobile-friendly out of the box. Not only that, we optimized it for SEO to give you maximum boost in search results.

Soliloquy puts user experience first. That's why it's optimized for both speed and usability. Users can navigate through sliders with multiple control options as well as touch-swipe on mobile devices.

Easy to Customize and Adapt to Your Needs

Don't get locked into a system that doesn't change and grow with you. Soliloquy is built on a solid foundation that is able to adjust wherever and whenever you need it. With over 100+ configurable hooks and filters inside of the plugin, Soliloquy can be turned into any type of WordPress slider you can dream of.

Literally.
