Submit #780789: Shopsuite modulithshop 829bac71f507e84684c782b9b062b8bf3b5585d6 SQL Injection

Title Shopsuite modulithshop 829bac71f507e84684c782b9b062b8bf3b5585d6 SQL Injection

Description The ShopSuite system contains a SQL injection vulnerability in the listItemKey method of the ProductItemDao interface. Attackers can inject malicious SQL code through the sidx and sort parameters in ORDER BY clauses, allowing extraction of sensitive information from the database including product data, user information, system configuration, and potentially administrative credentials.
