Description

Easy Testimonial Slider and Form lets you display beautiful responsive testimonials on any page or post — using the Gutenberg block editor or classic shortcode. Visitors can submit their own testimonials through a built-in form, with captcha protection and admin moderation.

✓ Key Features (Free)

- **Gutenberg block** — add the Testimonial Slider block directly from the block inserter
- **Testimonial submission form** — let visitors submit testimonials from the frontend
- **Captcha protection** — protect your form from spam
- **Photo upload** — visitors can upload their photo with their testimonial
- **Gravatar support** — pull photos automatically from Gravatar
- **Admin moderation** — approve or reject submissions before they go live
- **Auto-slide** — automatically rotate through testimonials
- **Responsive** — looks great on mobile, tablet and desktop

- **Shortcodes** — `[print_best_testimonial_slider]` and `[print_best_testimonial_form]`
- **Customisable labels** — change every field label to any language
- **Email notification** — get notified when a new testimonial is submitted

Pro Features

Upgrade to [Easy Testimonial Slider Pro](#) to unlock:

- **Unlimited sliders** — free version supports 1 slider
- **5 beautiful slider styles** — choose the perfect look for your brand
- **Testimonial Grid layout** — display testimonials as a responsive grid with pagination. Use the `[testimonial_grid]` shortcode or the dedicated Gutenberg block. Choose 1–4 columns, set card height and excerpt length
- **Star ratings** — let visitors rate with 1–5 stars
- **Custom arrow and quote colors** — match your brand exactly
- **Custom font sizes and colors** — full control over text appearance
- **Fade transition** — smooth fade instead of slide
- **Random order** — show testimonials in random order
- **Author link** — link author name to their website
- **Auto-approve** — publish submissions instantly without review
- **Bulk approve/reject** — manage many submissions at once
- **Multiple forms** — different form settings per slider
- **Schema markup** — Google Rich Snippets for star ratings in search results
- **CSV Import/Export** — backup and restore all testimonials as a CSV file
- **Priority support**

How to Use

With Gutenberg (recommended):

1. Edit any page or post
2. Click the + block inserter
3. Search for “**Testimonial Slider**” or “**Testimonial Form**”
4. Add the block — your slider or form appears instantly

With Shortcode:

Add `[print_best_testimonial_slider]` anywhere to show the slider.

Add `[print_best_testimonial_form]` anywhere to show the submission form.

Screenshots

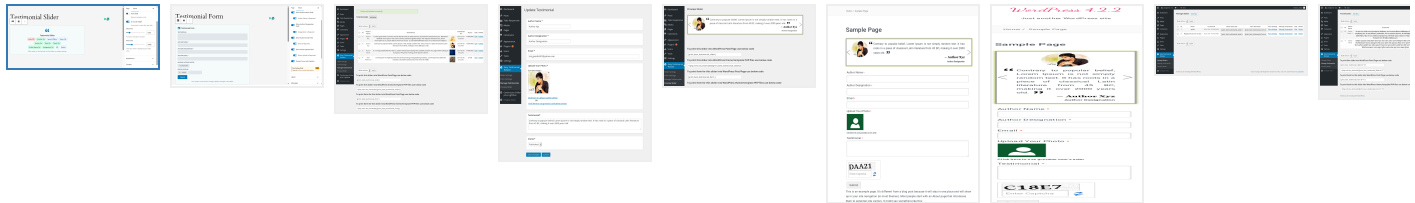

The screenshot shows the Gutenberg block editor interface. The main area displays a 'Testimonial Slider' block with a large blue quote icon and the text 'Testimonial Slider'. Below the text are several settings buttons: 'Auto: Off', 'Circular: On', 'Speed: 1000ms', 'Pause: 10s', 'Arrows: On', 'Dots: On', 'Touch: On', 'Author Name: On', 'Designation: On', 'BG', and 'Border'. A note at the bottom of the block states: 'Slider renders on the frontend. Use the sidebar to configure settings.'

The settings sidebar on the right is titled 'Page Block' and includes the following options:

- Auto Slide: Manual navigation only.
- Is Circular Slider: Loops back to start after last slide.
- SPEED (MS): A slider set to 1000, with a text input field containing '1000'.
- Transition animation duration.
- PAUSE (MS): A slider set to 10000, with a text input field containing '10000'.
- Time each slide is displayed (auto slide only).
- Appearance: A dropdown menu.
- Content: A dropdown menu.
