## Description

This is a beautiful responsive thumbnail slider for WordPress blogs and sites with responsive lightbox. Admin can manage any number of images into the slider. Admin can add, edit and delete slider images. Admin can set image description to lightbox. Before add slider, to WordPress blog, admin can preview a slider. Admin can set height, the width of slider images. Admin can also set speed, Number Of visible images into the slider, Circular slider. Admin can also set if want to slide images with left and right arrow or by the automatic slider. Admin can also set a link for lightbox image caption title. Image title and link are optional. If not set it will just display an image with lightbox.
