# NEW IN THIS VERSION:

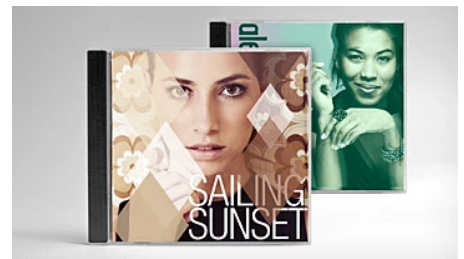

## 6,000 internet radio stations

## Like a dream: The new sleep timer

A multitude of amazing sounds: More than a thousand web radio stations in all sorts of genres are just waiting to be discovered.

The music stops playing as you're beginning to dream. The sleep timer shuts down your music and your PC too at a fixed time.

## Impressive appearance

## Android & Windows specialist

## New Print Studio

An advanced design with well thought-out control elements: The new interface makes listening pleasure the priority.

Your music, everywhere: With MP3 deluxe 19 you can transfer songs, albums or entire playlists quickly and easily to Android and Windows smartphones or tablets.

Use CD covers from the Internet, or design your very own. The new Print Studio creates booklets and title lists automatically from your playlist.

## Simplified audio editing

## New burning routines

## AAC support
