

## How to Convert Timestamp String to Datetime in Python (/tutorial/python/18732/how-convert-timestamp-string-datetime-python)

Submitted by razormist (/users/razormist) on Sun, 04/26/2026 - 23:21

(/tutorial/python/18732/how-convert-timestamp-string-datetime-python)

In this tutorial, we will learn how to program "How to Convert Timestamp String to Datetime in Python". The objective is to convert a timestamp string into a readable datetime format. This tutorial will guide you step by step through the process of converting it into a datetime object. By the end of this tutorial, you will have a solid understanding of how to implement datetime handling effectively in Python, helping you strengthen your problem-solving abilities and improve your coding skills.

## Fish Adventure Game Using Pygame in Python with Source Code (/python/18731/fish-adventure-game-using-pygame-python-source-code.html)

Submitted by razormist (/users/razormist) on Sun, 04/26/2026 - 22:52

(/python/18731/fish-adventure-game-using-pygame-python-source-code.html)

The Fish Adventure Game is an interactive desktop application built entirely with Python. The gameplay is simple: you collect food while avoiding predators. The Fish Adventure Game Using Pygame features a fun and interactive experience where you control the fish using keyboard inputs. To earn points, you must collect food while avoiding predators, and the game ends if your fish is eaten. This

## Car Rental System Using Tkinter and SQLite in Python with Source Code (/python/18728/car-rental-system-using-tkinter-and-sqlite-python-with-source-code.html)

Submitted by razormist (/users/razormist) on Fri, 04/24/2026 - 23:21

(/python/18728/car-rental-system-using-tkinter-and-sqlite-python-with-source-code.html)

The Car Rental System is an interactive desktop application built entirely with Python using the Tkinter library. The application is simple and allows users to rent cars efficiently. The Car Rental System Using SQLite and Tkinter includes tools for adding car inventory, monitoring rentals, and managing customer details. This project is an excellent way to practice and reinforce essential

## How to Find Circle Area and Perimeter in Python (/tutorial/python/18720/how-find-circle-area-and-perimeter-python)

Submitted by razormist (/users/razormist) on Wed, 04/15/2026 - 22:45

(/tutorial/python/18720/how-find-circle-area-and-perimeter-python)

In this tutorial, we will learn "How to Find Circle Area and Perimeter in Python". The main objective is to calculate the circle's area and perimeter. This guide will walk you step by step through the process, making it easier to follow and apply. By the end of this tutorial, you will have a solid understanding of how to calculate the circle's area and perimeter in Python, helping you strengthen your problem-solving abilities and improve your overall coding skills in data structure implementation.
